

#DISRUPTMINING

PRESENTED BY  GOLDCORP

GALA EVENT — MARCH 4, 2018
PARTNERSHIP PACKAGE

#DISRUPTMINING

#DisruptMining is a call to action – an initiative for people of all industries to get off the sidelines and into the innovation game. The incentive? An opportunity to win a \$1 million investment and a contract with one of the world’s largest gold mining companies.

Founded in 2017, #DisruptMining breaks down the wall between the minerals sector and new technology by spurring investment, fostering collaboration and accelerating the pace of innovation. It’s a platform for entrepreneurs working with exponential technologies to demonstrate how they can disrupt mining. From exploration and development to production and mine closure, and from financing and markets to sustainability and safety, #DisruptMining looks for what’s new and what’s next.

Finalists will pitch competing disruptions to a *Shark Tank*–style panel of mining and technology industry titans. More than 1,000 mining executives, investors and financiers will be in attendance, each looking for that one revolutionary idea. For entrepreneurs and the mining sector alike, #DisruptMining is a once-in-a-lifetime opportunity to effect real change.

Event proceeds will go toward scholarships that support innovation in the mining industry, through the Disrupt Mining Society.

ONE OF TORONTO'S LARGEST GALAS FOR INNOVATION

One of Canada's largest, most prestigious events focused on innovation, #DisruptMining brings together some of the world's most brilliant minds to showcase their best ideas to transform mining in front of over 1,000 industry players.

An innovation expo showcasing the contest's finalists will be followed by a gala to reveal the winners, and will take place at REBEL Entertainment Complex (formerly Sound Academy), located right on the city's waterfront. TV host and best-selling author Amber Mac will be the evening's master of ceremonies, with Juno Award nominees the Darcys providing live music entertainment.

VIPs will be granted exclusive booths with designated hosts and servers, champagne bottle service, and branding opportunities across the event. And all guests will have the chance to network with celebrity guests and industry leaders.

#DisruptMining will be hosted by Goldcorp, one of the world's largest responsible gold producers.

Whether you are an innovator, investor or miner, #DisruptMining is not to be missed. This gala will change the mining industry as we know it.
